

Student Learning Survey 2019/2020

The Provincial Student Learning Survey is unique in its scope, size and usefulness to schools. It gathers information from parents, teachers and students on topics related to school environment, safety, and achievement. The information is used for planning in individual schools and provides a district and provincial perspective.

Early in **2020** the Student Learning Survey will be administered to all students in grade 4, their parents, and all school staff. We encourage parents to participate in this survey, as the results are important in identifying and celebrating current strengths, as well as determining where the school needs to focus improvement. The surveys contain standard questions for the Province – in addition, questions from the school and/or district that focus on local conditions or issues may be included.

The survey can be completed electronically and can be accessed on the Internet at http://www.bced.gov.bc.ca/sat_survey. Any computer with an Internet connection can be used, and access to the e-survey is simple and secure. The survey can be accessed through the link and the *Direct access* section of the log in page by selecting the school district and school name where your child attends school. Provincial, District and School Reports for previous years can be viewed at the same site under the *Results* section.

Computers will be available to parents at any time they wish to come into the school to participate in taking this survey

For parents who do not wish to use school computers, local public library computers may be another option.

The e-survey site will be open early in the new year until **April 3rd**.

If you have any questions, please contact the school at 250- 870-5118
